APPENDIX D - EDUCATOR EVALUATION SYSTEM

1. TRAINING

Prior to the implementation of the new evaluation system contained in this Article, the Superintendent-Director shall arrange training for all Administrators, Directors, Principals, Educators, and Evaluators that outlines the components of the new evaluation process and provides an explanation of the evaluation cycle.

The Superintendent-Director has the responsibility to ensure that all Evaluators receive training in the Principles of Effective Supervision and Evaluation; know the requirements of the new state regulations and this Article; and, when possible, have or have available to them knowledge of the subject matter and/or area they will evaluate. If subject matter knowledge is an issue, an Evaluator may utilize another trained Evaluator, who currently holds licensure in the content area in question, to evaluate the Educator.

The parties agree that Evaluator Training should be designed to make evaluations as consistent, reliable, and equitable as possible across programs, grades, subjects, and assignments. The Federation President will be invited to an initial Evaluator Training session provided by the Trustees.

2. ANNUAL ORIENTATION

The District agrees to provide joint training to Educators and Evaluators beginning in August 2013, prior to the implementation of this evaluation system. Furthermore, at the start of each school year, the Superintendent-Director shall arrange school-wide or program-level meetings for Educators and Evaluators focused on Educator Evaluation and the TeachPoint system. The Superintendent-Director and the Federation President shall determine the locations, times, and content of the meetings. At a minimum, the meetings shall:

- Provide an overview of the evaluation process, including goal setting and the development of Educator Plans;
- Provide all Educators with a copy of the rubrics and forms used to evaluate members of the bargaining unit; and
- Provide all Educators with training on how to use the TeachPoint system including but not limited to instruction on how to scan and upload evidence; and
- Provide Educators with the opportunity to ask questions relating to the evaluation system.

The parties agree that Evaluator training should be designed to make evaluations as consistent, reliable, and equitable as possible across programs, grades, subjects, and assignments.

3. EVALUATORS

A Primary Evaluator, and a Supervising Evaluator (if any), shall be a person outside the bargaining unit who has been designated in writing by the Superintendent-Director as having responsibility for evaluations. All Primary Evaluators, and Supervising Evaluators (if any), must be licensed as Administrators by the Massachusetts Department of Elementary and Secondary Education (DESE) and must be full-time employees of the Norfolk County Agricultural High School. All Evaluators shall follow the Evidence Collection and Reporting requirements outlined in this agreement.

A. Evaluator Roles and Responsibilities

There shall be two (2) categories of Evaluators:

1. Primary Evaluator

The Superintendent-Director shall identify a Primary Evaluator, normally the Principal, Vice-

Principal, or Director of a program at the school. The Primary Evaluator shall assign Supervising Evaluators (if any), and Contributing Evaluators (if any) in a school building or program. The Primary Evaluator shall approve all Educator Plans; and approve all Formative/Summative Assessment/Evaluation reports and ratings for Educators after receiving recommendations from the Supervising Evaluator (if any), and considering input from the Contributing Evaluator (if any). The Primary Evaluator shall review and approve any change in a rating from the preceding assessment/evaluation, either on a particular standard or overall. The Primary Evaluator shall review and approve, and may amend the final Summative Evaluation Report and Ratings. The Primary Evaluator may perform any or all duties ascribed to Supervising Evaluators below.

2. Supervising Evaluator

The Supervising Evaluator may be the Primary Evaluator or his/her designee. The Supervising Evaluator's responsibilities include supervising goal setting and plan development with the Educator; conducting classroom observations, collecting and analyzing other evidence as allowed under state regulations; and providing feedback and support to the Educator. The Supervising Evaluator completes the Formative Assessment/Evaluation Report and, if applicable, recommends Formative Ratings to the Primary Evaluator. The Supervising Evaluator drafts the Summative Evaluation Report and recommends Summative Ratings to the Primary Evaluator.

B. Assignment of Evaluators and Changes to Evaluators

At the outset of each new evaluation cycle the Educator shall be notified in writing of his/her Primary Evaluator, and Supervising Evaluator (if any). At any time during the evaluation cycle, the Educator may send a written request to the Superintendent-Director for a different Primary Evaluator, or Supervising Evaluator. An Educator who is assigned to more than one (1) building shall be evaluated by the Primary Evaluator in the department where the Educator is assigned most of the time. The Primary Evaluator and the Supervising Evaluator (if any) in each department where an Educator serves must review and sign the Educator's evaluation, and may add written comments. In cases where there is no predominate assignment, the Superintendent-Director will determine who the Primary Evaluator will be.

4. Performance Standards and Ratings

An Educator shall be rated on each of four (4) Performance Standards and shall receive an overall rating. An Educator must receive a *Proficient* or higher rating on the first two (2) Performance Standards to receive a *Proficient* or higher rating overall. An Educator shall also receive a rating on his/her Impact on Student Learning, Growth, and Achievement.

a. Performance Standards

The four (4) Performance Standards are:

1. Curriculum, Planning, and Assessment
2. Teaching All Students
3. Family and Community Engagement
4. Professional Culture

b. Performance Rating

The four (4) Performance Ratings are:

1. *Exemplary* shall mean that the Educator's performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and

could serve as a model of practice on that standard district- wide.

2. Proficient shall mean that the Educator's performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.

3. Needs Improvement shall mean that the Educator's performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.

4. Unsatisfactory shall mean that the Educator's performance on a standard or overall has not significantly improved following a rating of *Needs Improvement*, or the Educator's performance is consistently below the requirements of a standard or overall and is considered inadequate, or both.

c. Rating on Student Learning, Growth, and Achievement

An Educator shall receive a rating of *high, moderate, or low* based on trends and patterns on state assessments and district-determined measures. The parties agree to re-open this agreement to negotiate the process for using state and district-determined measures to arrive at an Educator's rating of Impact on Student Learning, Growth, and Achievement after the DESE issues direction and guidance on this matter.

d. Student Feedback in Educator Evaluation

After DESE issues direction and guidance on Student Feedback in Educator Evaluation, the parties agree to re-open this agreement to negotiate the process for using student feedback.

e. Staff Feedback in Educator Evaluation

After DESE issues direction and guidance on Staff Feedback in Educator Evaluation, the parties agree to re-open this agreement to negotiate the process for using staff feedback.

5. RUBRICS, FORMS, and DOCUMENTS

The parties agree to use the performance rubrics, forms, and documents included in this agreement

and attached hereto incorporated herein by reference as follows: Appendix E - Forms; Appendix F – Teacher Rubric; and Appendix G – SISP Rubric. The Teacher Rubric in Appendix F shall be used to evaluate an employee who works as a classroom teacher, a special education teacher, or a reading specialist. The SISP Rubric in Appendix G shall be used to evaluate an employee who works as a counselor, librarian, nurse, speech and language pathologist, physical therapist, or occupational therapist. The forms and rubrics attached hereto and incorporated herein shall be used in the TeachPoint system.

6. EDUCATOR PLANS: Types, Durations, and Special Requirements

All Educators will be on Educator Plans. Educator Plans shall take effect upon written approval by the Primary Evaluator and will remain in effect until the end of the period defined in the plan or until the plan is changed in accordance with state regulations and the provisions of this Article. The types, durations, and special requirements of Educator Plans are as follows:

a. Developing Plans

(1) For Non-PTS Educators: All Educators without Professional Teacher Status (PTS) shall be on Developing Plans.

(2) For PTS Educators: The parties acknowledge that it may take some time for an Educator with PTS to become proficient in a new assignment. A new assignment shall mean a change in subject area, licensure, program, building, or grade level. The Primary Evaluator may assign a Developing Plan to a PTS Educator in a new assignment at the Educator's request or at the Primary Evaluator's discretion.

(3) Each Developing Plan for PTS Educator in new assignments will be for one (1) school year. If the Educator receives an overall rating of *Proficient* or higher upon the Summative Evaluation at the end of the year, the Educator may begin a Self-Directed Growth Plan for the next school year. If the overall Summative Rating is below *Proficient*, the Primary Evaluator and the Educator may discuss the possibility of a more appropriate assignment, and a different assignment that matches the Educator's certification may be offered. If a different assignment is made, the Primary Evaluator may extend the Developing Plan for a subsequent plan period of up to one (1) school year. If a different assignment is not made, the Educator shall be placed on a Directed Growth Plan.

b. Self-Directed Growth Plans for PTS Educators

(1) Educators with PTS who have an overall rating of *Proficient* or *Exemplary* and whose Impact on Student Learning is *moderate* or *high* after the DESE implementation of such ratings, shall be on two-year Self-Directed Growth Plans. The Primary Evaluator shall complete a Formative Evaluation Report at the end of year one (1) and a Summative Evaluation Report at the end of year two (2).

(2) Educators with PTS who have an overall rating of *Proficient* or *Exemplary* and whose Impact on Student Learning is *low* after the DESE implementation of such ratings, shall be on one-year Self-Directed Growth Plans. The Primary Evaluator shall complete a Summative Evaluation Report at the end of a one-year Self-Directed Growth Plan.

c. Directed Growth Plans for PTS Educators

Educators with PTS, who receives an overall rating of *Needs Improvement* from the Primary Evaluator, shall be on Directed Growth Plans.

(1) Assignment of Supervising Evaluator and First Conference

The Primary Evaluator may designate a Supervising Evaluator to oversee the development and implementation of a Directed Growth Plan. The Supervising Evaluator may be the Primary Evaluator. Within fifteen (15) school days of an Educator receiving an overall rating of *Needs Improvement*, the designated Supervising Evaluator shall meet with the Educator to develop the Directed Growth Plan. The Educator may request that a Federation Representative attend this meeting and any subsequent meetings relating to the development, implementation, or monitoring of a Directed Growth Plan.

(2) Plan Length

The parties agree that a reasonable amount of time, and in no event less than ninety (90) school days, shall be provided to permit the Educator to implement the plan and demonstrate proficiency. The Primary Evaluator, in consultation with the Supervising Evaluator, the Educator, and a Federation Representative, if requested by the Educator, shall determine the plan length.

(3) Plan Components

The Directed Growth Plan shall be completed using the Educator Plan Form in Appendix D. Each plan shall include, at a minimum, the following components:

- The assigned Primary Evaluator, Supervising Evaluator (if any), and Contributing Evaluator (if any);

- The recommended actions and activities for improvement. The Supervising Evaluator shall prescribe the actions the Educator needs to take to meet the performance goals;
- The supports and modes of assistance available to the Educator from the Trustees, school, program, and/or individuals. These may include workshops, courses, trainings, materials, instructional coaches, peer assistants, and any other supports the Trustees or school/program may provide to assist the Educator in improving his/her performance in the targeted areas. The Supervising Evaluator shall provide the Educator with guidance and assistance in accessing the resources and professional development outlined in the Directed Growth Plan;
- The anticipated number of announced and unannounced observations that will take place during the plan period;
- The anticipated timeline for collecting evidence and monitoring progress toward goals, including at a minimum a mid-cycle Formative Assessment Report on the relevant standard(s) and indicator(s); and
- The delivery date of the Summative Evaluation Report.

(4) Signatures and Delivery

The Primary Evaluator must approve the Directed Growth Plan and both the Primary and Supervising Evaluators (if any) must sign it and deliver it to the Educator at least fifteen (15) school days before the start date of the plan. The Educator shall sign his/her Directed Growth Plan within five (5) school days of receipt and may include a written response using the Educator Response Form in Appendix E. The Educator's signature shall denote receipt of the plan, not agreement with its contents. A copy of the signed plan shall remain with the Educator.

(5) Appeal Process

If an Educator disagrees with any element of the approved Directed Growth Plan, the Educator may submit comments of that nature using the Educator Response Form in Appendix E to the Superintendent-Director, copying the Federation President if desired. The notified parties may consult each other on the matter. Following any consultation, the Superintendent-Director may discuss the matter with the Primary Evaluator, and ask him/her to revise elements of the Directed Growth Plan.

(6) Changes During Plan Period

The parties agree that, barring a pattern of performance of an egregious nature or other just cause, no

Educator with PTS on a Directed Growth Plan shall be dismissed or have his/her overall rating lowered to *Unsatisfactory* during the prescribed plan period. A rating on a particular standard and/or an overall rating may be upgraded to *Proficient* or higher through a Formative Assessment at any time during the plan period.

d. Improvement Plans for PTS Educators

An Educator with PTS, who receives an overall rating of *Unsatisfactory*, from his/her Primary Evaluator, shall be on an Improvement Plan.

(1) Assignment of Supervising Evaluator and First Conference

The Primary Evaluator may designate a Supervising Evaluator to oversee the development and implementation of an Improvement Plan. The Primary Evaluator may be the Supervising Evaluator. Within fifteen (15) school days of an Educator receiving an overall rating of *Unsatisfactory*, the designated Supervising Evaluator shall meet with the Educator to discuss and assist in the development of the Improvement Plan. The Educator may request that a Federation Representative attend this meeting and any subsequent meetings relating to the development, implementation, or monitoring of an Improvement Plan.

(2) Plan Length

The parties agree that a reasonable amount of time, and in no event less than forty-five (45) school days, shall be provided to permit the Educator to implement the plan and demonstrate improvement. The Primary Evaluator, in consultation with the Supervising Evaluator, the Educator, and a Federation Representative, if requested by the Educator, shall determine the plan length.

(3) Plan Components

The Improvement Plan shall be completed using the Educator Plan Form in Appendix E. Each plan shall include, at a minimum, the following components:

- The assigned Primary Evaluator, Supervising Evaluator (if any), and Contributing Evaluator (if any);
- The start and end date(s) of the plan;
- The area(s) targeted for improvement. The Supervising Evaluator shall delineate the specific standard(s) and indicator(s) on the appropriate performance rubric that the Educator has not met, drawing on evidence supplied in previous evaluations;
- The performance goals to be met, which shall directly relate to the standard(s) and indicator(s) in which improvement is needed;
- The recommended actions and activities for improvement. The Supervising Evaluator shall prescribe the actions the Educator needs to take to meet the performance goals;
- The supports and modes of assistance available to the Educator from the Trustees, school, program, and/or individuals. These may include workshops, courses, trainings, materials, instructional coaches, peer assistants, and any other supports the Trustees or school/program may provide to assist the Educator in improving his/her performance in the targeted areas. The Supervising Evaluator shall provide the Educator with guidance and assistance in accessing the resources and professional development outlined in the Improvement Plan;

- The anticipated timeline for collecting evidence and monitoring progress toward goals, including at a minimum a mid-cycle Formative Assessment Report on the relevant standard(s) and indicator(s); and
- The delivery date of the Summative Evaluation Report.

(4) **Signatures and Delivery**

The Primary Evaluator must approve the plan and both the Primary Evaluator and Supervising Evaluator must sign it and deliver it to the Educator at least fifteen (15) school days before the start date of the plan. The Educator shall sign his/her Improvement Plan within five (5) school days of receipt and may include a written response using the Educator Response Form in Appendix E. The Educator's signature shall denote receipt of the plan, not agreement with its contents. A copy of the signed plan shall remain with the Educator.

(5) **Appeal Process**

If an Educator disagrees with any element of the approved Improvement Plan, the Educator may submit comments of that nature using the Educator Response Form in Appendix E to the Superintendent-Director, copying the Federation President if desired. The notified parties may consult each other on the matter. Following any consultation, the Superintendent-Director may discuss the matter with the Primary Evaluator, who may be asked to revise elements of the Improvement Plan.

(6) **Changes During Plan Period**

The parties agree that, barring a pattern of performance of an egregious nature or other just cause, no Educator with PTS on an Improvement Plan shall be dismissed during the prescribed plan period. A rating on a particular standard and/or an overall rating may be upgraded to *Needs Improvement* or higher through a Formative Assessment at any time during the plan period.

(7) **Decision on the Educator's Status at the Conclusion of the Improvement Plan:**

All determinations below must be made no later than June 1st. One of the following decisions must be made at the conclusion of the Improvement Plan:

- a) If the Primary Evaluator determines that the Educator has improved his/her practice to the level of *Proficient*, the Educator will be placed on a Self-Directed Growth Plan.
- b) If the Primary Evaluator determines that the Educator is making substantial progress toward proficiency, the Educator will be placed on a Directed Growth Plan.
- c) If the Primary Evaluator determines that the Educator is not making substantial progress toward proficiency, the Evaluator may recommend to the Superintendent-Director that the Educator be dismissed.
- d) If the Primary Evaluator determines that the Educator's practice remains at the level of *Unsatisfactory*, the Evaluator shall recommend to the Superintendent-Director that the Educator be dismissed.

7. **EVALUATION CYCLE: Self-Assessment and Goal Setting**

At the start of each new evaluation cycle, an Educator shall submit a Self-Assessment Form to his/her Supervising Evaluator. In cases of one-year or two-year plans that begin at the start of the school year, Educators shall submit the self-assessment and proposed goals by October 1st. Between the start of the school year and October 1st, teams of Educators shall have common planning time to work on their self- assessments collaboratively. Each self-assessment shall contain:

-
- a. An analysis of evidence of student learning, growth, and achievement for students under the Educator's responsibility.
 - b. A reflection on practice using each of the four (4) Performance Standards of Effective Practice using the appropriate rubric(s) in Appendix F or Appendix G.
 - c. Proposed goals for the Educator Plan:
 - (1) Each Educator must propose a minimum of one (1) goal directly related to improving student learning and a minimum of one (1) goal directly related to improving professional practice. However for the 2013-2014 school year, Educators shall be required to propose one (1) goal related to improving student learning and one (1) goal directly related to improving professional practice.
 - (2) The proposed goals should be in the form of SMART Goals, and must align with program, school, and district goals. Guidance for setting SMART Goals is attached hereto as part of Appendix H.
 - (3) Educators shall consider goals for grade-level, subject-area, or department teams, or for other groups of educators who share responsibility for student learning and results.
 - (4) For Educators with PTS rated *Needs Improvement* or *Unsatisfactory*, the professional practice goal must address specific standard(s) and indicator(s) identified for improvement.

8. EVALUATION CYCLE: Goal Finalization and Educator Plan Development

a. Conferences

By October 15th, the Primary Evaluator shall schedule and conduct a final Goal-Setting and Plan- Development Conference with all Educators under his/her supervision. The final Goal-Setting and Plan-Development Conferences may occur in groups. During the conferences, Evaluators and Educators shall consider finalizing goals for grade-level, subject-area, or department teams, or for other groups of Educators who share responsibility for student learning and results. Educators rated *Needs Improvement* or *Unsatisfactory* may participate in group conferences for final goal-setting and plan development; however, they shall also meet individually with their Primary Evaluators to finalize professional practice goals that address specific standard(s) and indicator(s) identified for improvement.

b. Drafting of Educator Plans

During or as soon as possible after the final Goal-Setting and Plan-Development Conference, the Primary Evaluator and Educator shall draft an Educator Plan using the appropriately designated form in Appendix E:

- The Developing Plan designation shall be used for Educators on Developing Plans.
- The Self-Directed Growth Plan designation shall be used for Educators on Self-Directed Growth Plans.
- The Directed Growth Plan designation shall be used for Educators on Directed Growth Plans.
- The Improvement Plan designation shall be used for Educators on Improvement

Plans.

c. The Educator Plan Form shall, at minimum, specify the following:

- The assigned Primary Evaluator, Supervisory Evaluator (if any), and Contributing Evaluator (if any);
- The start and end dates of the plan;
- The Educator's student learning and professional practice goals;
- The actions the Educator will take to attain his/her goals;
- The supports, resources, and professional development available from the *District*;
- The anticipated delivery date of the Formative Assessment or Formative Evaluation Report; and
- The anticipated delivery date of the Summative Evaluation Report.

d. Approval and Delivery of Educator Plans

The Primary Evaluator must approve and sign and the Supervising Evaluator (if any) must sign the Educator Plan and deliver it to the Educator no later than November 1st for plans beginning at the start of the school year. Additionally, the final Educator Plan shall be delivered to the Educator at least fifteen (15) school days before the start date of the plan in the case of Improvement and Directed Growth Plans and at least five (5) school days before the start date of the plan in the case of all other plans. The Educator shall sign his/her Educator Plan within five (5) school days of receipt and may include a written response using the Educator Response Form in Appendix E. The Educator's signature shall denote receipt of the plan not agreement with its contents. A copy of the signed plan shall remain with the Educator.

e. Appeal Process

If an Educator disagrees with any element of the approved Educator Plan, the Educator may submit comments of that nature using the Educator Response Form in Appendix E to the Primary Evaluator and/or Superintendent-Director, copying the Federation President if he/she wishes. The notified parties may consult each other on the matter. Following any consultation, the Primary Evaluator and/or the Superintendent-Director may discuss the matter with the Supervisory Evaluator, who may be asked to work with the Educator to revise the goals and contents of the Educator Plan.

9. EVALUATION CYCLE: Record of Evaluation and Evidence Collection

a. Record of Evaluation

The parties agree that an effective evaluation process requires meaningful, ongoing, two-way communication. To facilitate this process, the parties agree that each Educator shall have a Record of Evaluation maintained as part of the TeachPoint system, and his/her Teacher files/personnel folder, pursuant to paragraph J of Article IV. All evaluation documents contained in the Record of Evaluation shall remain confidential as personnel records for each member of the bargaining unit, and will not be considered a public record

per the Privacy Exemption under the Massachusetts Public Records Law, M.G.L. c. 4, §7(26)(c). Each Educator's Record of Evaluation shall consist of three (3) parts:

- All forms and documents used or contained in the evaluation process;
- Evaluator-supplied evidence; and
- Educator-supplied evidence.

Standard forms shall include all relevant forms in Appendix E. The other components are described below.

b. Role of the Record of Evaluation in Evaluation Reports

Formative or Summative Evaluation Reports shall rely on evidence previously entered into the Record of Evaluation according to the protocols below.

c. Evaluator-Supplied Evidence

(1) Use of Evidence Log

Any Evaluator who collects evidence shall maintain an Evidence Log for each Educator under his/her supervision using the Evaluator Record of Evidence Form in Appendix E. The Log shall be used to document and preserve evidence that may be relied upon to determine ratings against standards and/or to assess progress toward goals. A Log entry may include attachments. Any time an Evaluator makes an entry into a Log, the Educator will receive a copy of the Log entry and any relevant attachments.

(2) Evidence Collection and Recordkeeping Protocol

Evaluators shall collect and record evidence from classroom observations and other sources of evidence allowed under state regulations according to the following protocols:

a) Classroom Observations: Classroom observations may be announced or unannounced and of any duration:

i. Educators without PTS:

A. In the first year of practice or first year assigned to a program/school, the Educator shall have at least one (1) announced observation and at least four (4) unannounced observations.

B. In their second and third years of practice or second and third years as a non-PTS Educator in the program/school, the Educator shall have at least one (1) announced and at least three (3) unannounced observations.

ii. Educators with PTS:

A. The Educator whose overall rating is *Proficient* or *Exemplary* must have at least one (1) unannounced observation during the evaluation cycle.

B. The Educator whose overall rating is *Needs Improvement* must be observed according to the Directed Growth Plan during the period of the Plan which must include at least two (2) unannounced

observations.

C. The Educator whose overall rating is *Unsatisfactory* must be observed according to the Improvement Plan which must include both unannounced and announced observations. The number and frequency of the observations shall be determined by the Evaluator, but in no case, for Improvement Plans of one (1) year, shall there be fewer than one (1) announced and four (4) unannounced observations. For Improvement Plans of six (6) months or fewer there must be no fewer than one (1) announced and two (2) unannounced observations.

iii. Observation Process

A. The Evaluator is not required nor expected to review all the indicators in a rubric during an observation. The Evaluator's first observation of the Educator should take place by November 15th. Observations required by the Educator Plan should be completed by May 15th. The Evaluator may conduct additional observations after this date. All evidence from observations shall be collected and documented using the Observation Evidence Collection Tool in Appendix E, and recorded in the Evidence Log. The Evaluator shall document observations using the TeachPoint system, and shall be responsible for scanning and uploading evidence collected during observations into TeachPoint.

B. The Evaluator shall characterize an observation that generally demonstrates proficient or better practice on the Observation Evidence Collection Tool and in the Evidence Log as either "*Exemplary*" or "*Proficient*". In these cases, the Evaluator shall have seven (7) school days to enter evidence and feedback from the observation on the Observation Evidence Collection Tool and into the Evidence Log, although the Educator may agree to extend this timeline to ten (10) school days. Feedback from "*Exemplary*" or "*Proficient*" observations need only indicate one (1) of these descriptive statements but may include more detail.

C. In the case of an observation that raises questions or concerns the Evaluator shall request an In-Person Conference with the Educator within two (2) school days of the observation by sending the Educator a written or electronic note. Following this request, the Educator and Evaluator shall meet as soon as possible. The Evaluator shall not include any evidence or feedback from the observation on the Observation Evidence Collection Tool or in the Evidence Log until after the In-Person Conference is held. Following the meeting, the Evaluator shall have an additional two (2) school days to enter the evidence and/or feedback from the observation on the Observation Evidence Collection Tool and into the Evidence Log. If the meeting allays the Evaluator's concerns, he/she shall characterize the observation as either "*Exemplary*" or "*Proficient*" consistent with the above paragraph.

D. If the Evaluator still has concerns after meeting with the Educator, he/she shall characterize the observation as either "*Needs Improvement*" or "*Unsatisfactory*" and the Evaluator shall clearly communicate his/her concerns to the Educator in writing. This feedback shall address:

- The specific standard(s) and/or indicator(s) in question;
- The supporting evidence for the Evaluator's concern(s);
- Suggested actions for correcting the problem(s); and
- The supports and resources available to the Educator.

E. The Evaluator is not required nor expected to review all the indicators in a rubric during an observation. The Evaluator's first observation of the Educator should take place by November 15th. Observations required by the Educator Plan should be completed by May 15th. The Evaluator may conduct additional observations after this date. The Evaluator shall characterize an observation that generally demonstrates proficient or better practice in the Evidence Log as either "*Exemplary*" or "*Proficient*". In these cases, the Evaluator shall have seven (7) school days to enter evidence and feedback from the observation into the Evidence Log, although the Educator may agree to extend this timeline to ten (10) school days. Feedback from "*Exemplary*" or "*Proficient*" observations need only indicate one (1) of these descriptive statements but may include more detail.

F. In the case of an observation that raises questions or concerns the Evaluator shall request an In-Person Conference with the Educator within two (2) school days of the observation by sending the Educator a written or electronic note. Following this request, the Educator and Evaluator shall meet as soon as possible. The Evaluator shall not include any evidence or feedback from the observation in the Evidence Log until after the In-Person Conference is held. Following the meeting, the Evaluator shall have an additional two (2) school days to enter the evidence and/or feedback from the observation into the Evidence Log. If the meeting allays the Evaluator's concerns, he/she shall characterize the observation as either "*Exemplary*" or "*Proficient*" consistent with the above paragraph.

G. If the Evaluator still has concerns after meeting with the Educator, he/she shall characterize the observation as either "*Needs Improvement*" or "*Unsatisfactory*" and the Evaluator shall clearly communicate his/her concerns to the Educator in writing. This feedback shall address:

- The specific standard(s) and/or indicator(s) in question;
- The supporting evidence for the Evaluator's concern(s);

-
- Suggested actions for correcting the problem(s); and
 - The supports and resources available to the Educator.

b) Other Sources of Evidence

i. All evidence collected from sources other than classroom observations or Educator-Supplied Evidence shall be collected and documented using the Artifact Cover Page in Appendix E, and recorded in the Evidence Log. Evidence shall be collected and documented using the TeachPoint system. The Evaluator shall be responsible for the scanning and uploading evidence collected into TeachPoint. The Evaluator shall characterize entries on the Artifact Cover Page and in Evidence Log as either "*Exemplary*", "*Proficient*", "*Needs Improvement*" or "*Unsatisfactory*", with the appropriate feedback accompanying each entry. Such entries may be put into the TeachPoint system at any time, provided that the Evaluator holds an In-Person Conference with the Educator to share and discuss an entry which raises questions or concerns before it is formally entered into TeachPoint, thus giving the Educator an opportunity to address the evidence and dispel the concerns.

ii. Additionally, following a Log entry made by an Evaluator, the Educator may use the Educator Response Form in Appendix E to submit comments and/or additional information he/she believes relevant to the Evaluator's understanding of the evidence. Any comments or information added by the Educator shall become part of the Educator's Record of Evaluation, and the Evaluator who collected and documented the evidence shall acknowledge receipt by writing the date received and by affixing his/her signature to the evidence collected.

c) Educator-Supplied Evidence

i. Every Educator shall have the right to compile and present any evidence or information that relates to his/her performance against the standards and/or progress toward plan goals. The Educator may share any or all compiled evidence/information with his/her evaluator(s) at any point in the evaluation cycle, in which case said contents will be entered into the Educator's Record of Evaluation using the Educator Collection of Evidence Form in Appendix E. The Primary Evaluator shall acknowledge receipt of said contents by writing the date received and by affixing his/her signature to the evidence collected. The Educator shall be responsible for the scanning and uploading Educator-Supplied Evidence into TeachPoint.

ii. Additionally, following a Log entry made by an Evaluator, the Educator may use the Educator Response Form in Appendix E to submit comments and/or additional information he/she believes relevant to the Evaluator's understanding of the evidence. Any comments or information added by the Educator shall become part of the Educator's Record of Evaluation, and the Evaluator who collected and documented the evidence shall acknowledge receipt by writing the dated received and by affixing his/her signature to the evidence collected.

d) Unannounced Observations

-
- i. Unannounced observations may be in the form of partial or full-period classroom visitations, Instructional Rounds, Walkthroughs, Learning Walks, or any other means deemed useful by the Evaluator.
 - ii. The Educator will be provided with at least brief written feedback from the Evaluator within three (3) to five (5) school days of the observation. The written feedback shall be delivered to the Educator in person, electronically, placed in the Educator's school mailbox in a sealed envelope or, in the event the other options are unsuccessful or unavailable, mailed to the Educator's home.
 - iii. In case of an observation that raises questions or concerns, the Evaluator shall request an In-Person Conference with the Educator within two (2) school days of the observation. All requests for an In-Person Conference shall be made in writing.
 - iv. Any observation or series of observations resulting in one (1) or more standards judged to be *Unsatisfactory* or *Needs Improvement* for the first time must be followed by at least one (1) observation of at least thirty (30) minutes in duration within thirty (30) school days.

e) Announced Observations

- i. All non-PTS Educators in their first year in the program/school, PTS Educators on Improvement Plans and other Educators at the discretion of the Evaluator shall have at least one (1) Announced Observation.
- ii. The Evaluator shall select the date and time of the lesson or activity to be observed and discuss with the Educator any specific goal(s) for the observation.
- iii. Within five (5) school days of the scheduled observation, upon request of either the Evaluator or Educator, the Evaluator and Educator shall meet for a Pre- Observation Conference. In lieu of a meeting, the Educator may inform the Evaluator in writing of the nature of the lesson, the student population served, and any other information that will assist the Evaluator to assess performance.
- iv. The Educator will be notified as soon as possible if the Evaluator will not be able to attend the scheduled observation. The observation will be rescheduled with the Educator as soon as reasonably practical.
- v. Within five (5) school days of the observation, the Evaluator and Educator shall meet for a Post-Observation Conference. This timeframe may be extended due to unavailability on the part of either the Evaluator or the Educator, but shall be rescheduled within twenty-four (24) hours if possible.
- vi. The Evaluator shall provide the Educator with written feedback within five (5) school days of the Post-Observation Conference. For any standard where the Educator's practice was found to be *Unsatisfactory* or *Needs Improvement*, the feedback must:
 - (1st) Describe the basis for the Evaluator's judgment;

(2nd) Describe actions the Educator should take to improve his/her performance;

(3rd) Identify support and/or resources the Trustees will provide to the Educator for use in his/her improvement; and

(4th) State that the Educator is responsible for addressing the need for improvement.

f) Other Sources of Evidence

i. The Evaluator may characterize Log entries from sources of evidence other than classroom observations on the Evaluator Record of Evidence Log as either "*Exemplary*", "*Proficient*", "*Needs Improvement*" or "*Unsatisfactory*", with the appropriate feedback accompanying each entry. Such entries may be put into the Log at any time, provided that the Evaluator holds an In-Person Conference with the Educator to share and discuss an entry which raises questions or concerns before it is formally entered into the Log, thus giving the Educator an opportunity to address the evidence and dispel the concerns.

ii. Additionally, following a Log entry made by an Evaluator, the Educator may use the Educator Response Form in Appendix E to submit comments and/or additional information he/she believes relevant to the Evaluator's understanding of the evidence. Any comments or information added by the Educator shall become part of the Educator's Record of Evaluation, and the Evaluator who collected and documented the evidence shall acknowledge receipt by writing the date received and by affixing his/her signature to the evidence collected.

g) Educator-Supplied Evidence

i. Every Educator shall have the right to compile and present any evidence or information that relates to his/her performance against the standards and/or progress toward plan goals. The Educator may share any or all compiled evidence/information with his/her evaluator(s) at any point in the evaluation cycle, in which case said contents will be entered into the Educator's Record of Evaluation using the Educator Collection of Evidence Form in Appendix E. The Primary Evaluator shall acknowledge receipt of said contents by writing the date received and by affixing his/her signature to the evidence collected.

ii. Additionally, following a Log entry made by an Evaluator, the Educator may use the Educator Response Form in Appendix E to submit comments and/or additional information he/she believes relevant to the Evaluator's understanding of the evidence. Any comments or information added by the Educator shall become part of the Educator's Record of Evaluation, and the Evaluator who collected and documented the evidence shall acknowledge receipt by writing the dated received and by affixing his/her signature to the evidence collected.

10. **EVALUATION CYCLE:** Formative Assessment/Evaluation

The Formative Assessment takes stock of the Educator's performance against the standards and/or progress toward plan goals throughout the evaluation cycle but typically takes places mid-cycle when the Supervising Evaluator completes a Formative Assessment Report. For an Educator on a two-year Self-Directed Growth Plan, the Formative Evaluation report occurs at the end of year one (1).

a. Timeline

- (1) **Formative Assessments.** For Educators on one-year or shorter plans, the Supervising Evaluator shall complete at least one (1) Formative Assessment report during the evaluation cycle. For one-year plans that begin at the start of the school year, he/she shall complete a report and deliver it to the Educator no later than February 15th. In all cases, the Supervising Evaluator shall notify the Educator in writing of the intended delivery date of a Formative Assessment Report at least thirty (30) days before said date. At least fifteen (15) days before said date, either party may request an In-Person Conference which shall occur before the Supervising Evaluator completes the Formative Assessment Report and delivers it to the Educator. All requests for an In-Person Conference shall be made in writing.
- (2) **Formative Evaluations.** For Educators on two-year Self-Directed Growth plans that begin at the start of the school year the Supervising Evaluator shall complete a Formative Evaluation Report and deliver it to the Educator between May 15th and June 1st. On or before May 1st, either party may request an In-Person Conference which shall occur before the Evaluator completes the Formative Evaluation Report and delivers it to the Educator. All requests for an In-Person Conference shall be made in writing.

b. Completion of the Formative Assessment/Evaluation Report

- (1) In assessing progress toward goals, the Primary Evaluator shall consider evidence of the efforts, actions, and perseverance demonstrated by the Educator. In the case of team goals, the evaluator shall consider evidence of the contributions made by each individual to the team.
- (2) When writing a Formative Assessment/Evaluation Report, the Primary Evaluator need not recommend performance ratings on each standard or overall but instead may assess solely on progress toward goals. If he/she makes no ratings recommendations, the previous Summative Ratings shall remain in effect.
- (3) The Primary Evaluator must review and approve any recommended change in a rating, either on a particular standard or overall provided that:
 - a) Reports that give an overall rating of *Needs Improvement* or *Unsatisfactory* must rely solely on evidence previously entered into the Record of Evaluation.
 - b) No Educator previously rated *Proficient* or *Exemplary* overall may have his/her overall rating lowered through a Formative Assessment/Evaluation unless the Supervising or Primary Evaluator have first noted at least three (3) classroom observations in the Record of Evaluation during the current evaluation cycle that have raised concerns and for which the Evaluator has provided appropriate feedback. The observations must include at least two (2) different classes (e.g. different content, grade level, students and/or time of day) over a period of at least fifteen (15) school days.

c. Signatures and Delivery

The Primary Evaluator and the Supervising Evaluator shall sign the Formative Assessment/Evaluation Report and deliver it to the Educator. The Educator shall sign the report within five (5) school days of receipt and may include a written response using the Educator Response Form in Appendix E. The Educator's signature shall denote receipt of the report, not agreement with its contents. A copy of the signed report shall remain with the Educator. Signatures and delivery shall be accomplished electronically using the TeachPoint system.

d. Post-Report Conferences

(1) Educators Rated *Unsatisfactory* or *Needs Improvement* Overall

Any Educator so rated may request a Post-Report Conference with the Primary Evaluator and/or the Supervising Evaluator to discuss the Formative Assessment/Evaluation report, and the conference shall take place within five (5) school days of the request. The Educator may request that a Federation Representative attend the conference. *All requests for a Post- Report Conference shall be made in writing.*

(2) Educators Rated *Proficient* or *Exemplary* Overall

Any Educator so rated, may request a Post-Report Conference. If requested, the conference shall occur within ten (10) school days of the request. The Educator may request that a Federation Representative attend the conference. All requests for a Post-Report Conference shall be made in writing.

11. EVALUATION CYCLE: Summative Evaluation

For all Educators, the evaluation cycle concludes with a Summative Evaluation report.

a. Timeline

(1) For Educators on one-year or two-year Educator Plans that begin at the start of the school year, the Primary Evaluator shall complete a Summative Evaluation report and deliver it to the Educator between May 1st and May 15th. On or before April 15th, either party may request an In-Person Conference which, if requested, shall occur before the Evaluator completes the Summative Evaluation Report and delivers to the Educator. All requests for an In-Person Conference shall be made in writing.

(2) For Educators on Directed Growth or Improvement Plans, the plan shall state the intended delivery date of the Summative Evaluation Report. At least fifteen (15) days before said date, either party may request an In-Person Conference, which, if requested, shall occur before the Primary Evaluator completes the Summative Evaluation Report and delivers it to the Educator. All requests for an In-Person Conference shall be made in writing.

b. Completing the Summative Evaluation Report

(1) The Supervising Evaluator shall draft the Summative Evaluation report using the Summative Evaluation Report Form in Appendix E.

(2) The Supervising Evaluator shall recommend to the Primary Evaluator:

- A rating on progress toward student learning goals;
- A rating on progress toward professional practice goals;
- A rating on each of the four performance standards; and
- An overall rating.

(3) The Supervising Evaluator shall also provide a rationale and evidence for each recommendation. In assessing progress toward goals, the Supervising Evaluator shall consider evidence of the efforts, actions, and perseverance demonstrated by the Educator. In the case of team goals, the Evaluator shall consider evidence of the contributions made by the individual to the team.

(4) The Primary Evaluator shall review the draft report and recommended ratings. The Primary Evaluator may amend the draft report and recommended ratings, citing evidence to support the change(s). The Primary Evaluator shall then approve the final Summative Evaluation Report and Ratings provided that:

- a) Reports that give an overall rating of *Needs Improvement* or *Unsatisfactory* must rely on evidence entered into the Record of Evidence that the Primary or Supervising Evaluator has already discussed with the Educator at an In-Person Conference.
- b) No Educator previously rated *Proficient* or *Exemplary* overall may have his/her overall rating lowered through a Summative Evaluation unless the Supervising or Primary Evaluator have first noted at least three (3) classroom observations in the Record of Evaluation during the current evaluation cycle that have raised concerns, and for which the Evaluator has provided appropriate feedback. The observations must include at least two (2) different classes (e.g. different content, grade level, students and/or time of day) over a period of at least fifteen (15) school days.

c. Signatures and Delivery

The Primary Evaluator and the Supervising Evaluator shall sign the final Summative Evaluation Report and deliver it to the Educator. The Educator shall sign the report within five (5) school days of receipt and may include a written response using the Educator Response Form in Appendix E. The Educator's signature shall denote receipt of the report, not agreement with its contents. A copy of the signed report shall remain with the Educator. Signatures and delivery shall be accomplished electronically using the TeachPoint system.

d. Post-Report Conferences

Any Educator regardless of his/her rating may request a Post-Report Conference with the Primary and/or Supervising Evaluator to discuss the Summative Evaluation Report,

and the conference shall take place within five (5) school days of the request. The Educator may request that a Federation Representative attend the conference. All requests for a Post-Report Conference shall be made in writing.

Summative Evaluation Report completed			
Educator response, if any, received by evaluator			

¹ As per the Massachusetts Model System for Educator Evaluation Contract Language, evaluation conferences are required for ratings of Needs Improvement and Unsatisfactory but conferences may be requested by either the educator or evaluator for any Educator Plan. The conference may occur before or after the Report is completed; the sequence in the above table does not denote required chronological order.

² Formative Evaluation only occurs at the end of the first year of a **two-year Self-Directed Growth Plan**.

³ The educator’s formative evaluation rating at the end of the first year of the two-year cycle shall be the same as the previous summative rating unless evidence demonstrates a significant change in performance. In such a case, the rating on the formative evaluation may change. Assigning ratings is optional during Formative Assessment.

⁴ An educator may provide written comments to the evaluator at any time using the Educator Response Form but 603 CMR 35.06 ensures that educators have an opportunity to respond to the Formative Assessment, Formative Evaluation, and Summative Evaluation in writing.

APPENDIX F - TEACHER RUBRIC

DESE forms continue on next page

Rubrics – defined in the regulations as “scoring tool[s] that describe characteristics of practice or artifacts at different levels of performance” (603 CMR 35.02) – are a critical component of the Massachusetts educator evaluation framework and are required for every educator. Rubrics are designed to help educators and evaluators (1) develop a consistent, shared understanding of what proficient performance looks like in practice, (2) develop a common terminology and structure to organize evidence, and (3) make informed professional judgments about formative and summative performance ratings on each Standard and overall. This appendix contains the ESE Model Teacher Rubric.

Structure of the Teacher Rubric

- **Standards:** Standards are the broad categories of knowledge, skills, and performance of effective practice detailed in the regulations. There are four Standards for teachers: *Curriculum, Planning, and Assessment; Teaching All Students; Family and Community Engagement; and Professional Culture.*
- **Indicators:** Indicators, also detailed in the regulations, describe specific knowledge, skills, and performance for each Standard. For example, there are three Indicators in Standard I of the teacher rubric: *Curriculum and Planning; Assessment; and Analysis.*
- **Elements:** The elements are more specific descriptions of actions and behaviors related to each Indicator. The elements further break down the Indicators into more specific aspects of educator practice and provide an opportunity for evaluators to offer detailed feedback that serves as a roadmap for improvement.
- **Descriptors:** Performance descriptors are observable and measurable statements of educator actions and behaviors aligned to each element and serve as the basis for identifying the level of teaching or administrative performance in one of four categories: *Unsatisfactory, Needs Improvement, Proficient, or Exemplary.*

Use of the Teacher Rubric

This rubric describes teaching practice. It is intended to be used throughout the 5 step evaluation cycle for all teachers, including teachers of whole classrooms, small groups, individual students, or any combination of the above. The rubric is designed to be applicable to general education teachers from pre-K through Advanced Placement, as well as teachers with specialized classes or knowledge, including teachers of English Language Learners, and special education teachers; districts may also choose to use this rubric for educators in other roles such as specialists.

The responsibilities of teachers to whom this rubric will be applied may vary. ESE encourages educators and evaluators to use the rubric strategically by discussing and agreeing upon certain Indicators and Elements that should be high priorities according to that educator’s role and responsibilities as well as his/her professional practice and student learning needs. There are a variety of ways to emphasize these components throughout the evaluation cycle. For example, high priority Indicators and/or elements can be analyzed in greater depth during self-assessment, targeted during goal setting, a focus for more comprehensive evidence collection, or all of the above. However, the expectation is that by the end of the evaluation cycle, educators and evaluators have gathered and shared a reasonable amount of evidence on every Indicator to support a rating for each Standard.

APPENDIX G - SISP RUBRIC

Rubrics – defined in the regulations as “scoring tool[s] that describe characteristics of practice or artifacts at different levels of performance” (603 CMR 35.02) – are a critical component of the Massachusetts educator evaluation framework and are required for every educator. Rubrics are designed to help educators and evaluators (1) develop a consistent, shared understanding of what proficient performance looks like in practice, (2) develop a common terminology and structure to organize evidence, and (3) make informed professional judgments about formative and summative performance ratings on each Standard and overall. This appendix contains the ESE Model “SISP” Rubric.

Structure of the Specialized Instructional Support Personnel (SISP) Rubric

- **Standards:** Standards are the broad categories of knowledge, skills, and performance of effective practice detailed in the regulations. There are four Standards for teachers: *Curriculum, Planning, and Assessment; Teaching All Students; Family and Community Engagement; and Professional Culture.*
- **Indicators:** Indicators, also detailed in the regulations, describe specific knowledge, skills, and performance for each Standard. For example, there are three Indicators in Standard I of the SISP rubric: *Curriculum and Planning; Assessment; and Analysis.*
- **Elements:** The elements are more specific descriptions of actions and behaviors related to each Indicator. The elements further break down the Indicators into more specific aspects of educator practice and provide an opportunity for evaluators to offer detailed feedback that serves as a roadmap for improvement.
- **Descriptors:** Performance descriptors are observable and measurable statements of educator actions and behaviors aligned to each element and serve as the basis for identifying the level of teaching or administrative performance in one of four categories: *Unsatisfactory, Needs Improvement, Proficient, or Exemplary.*

Use of the Specialized Instructional Support Personnel (SISP) Rubric

This rubric describes practice that is common across educators in professional support roles such as school counselors, school psychologists, school nurses, and others defined in the recognition clause of the appropriate collective bargaining agreement. It is intended to be used throughout the 5 step evaluation cycle for educators who provide direct services such as education, therapy, counseling, assessment, and diagnosis to a caseload of students, as well as educators who may provide indirect support to students through consultation to and collaboration with teachers, administrators, and other colleagues.

The roles and responsibilities of educators to whom this rubric will be applied will vary. ESE encourages educators and evaluators to use the rubric strategically by discussing and agreeing upon certain Indicators and Elements that should be high priorities according to that educator's role and responsibilities as well as his/her professional practice and student learning needs. There are a variety of ways to emphasize these components throughout the evaluation cycle. For example, high priority Indicators and/or elements can be analyzed in greater depth during self-assessment, targeted during goal setting, a focus for more comprehensive evidence collection, or all of the above. However, the expectation is that by the end of the evaluation cycle, educators and evaluators have gathered and shared a reasonable amount of evidence on every Indicator to support a rating for each Standard.

APPENDIX H - SETTING SMART GOALS

Good goals help educators, schools, and districts improve. That is why the educator evaluation regulations require educators to develop goals that are specific, actionable, and measurable. They require, too, that goals be accompanied by action plans with benchmarks to assess progress.

This “SMART” Goal framework is a useful tool that individuals and teams can use to craft effective goals and action plans:

S	=	S pecific and S trategic
M	=	M easurable
A	=	A ction Oriented
R	=	R igorous, R ealistic, and R esults-Focused (the 3 Rs)
T	=	T imed and T racked

Goals with an action plan and benchmarks that have these characteristics are “SMART.”

A practical example some of us have experienced in our personal lives can make clear how this SMART goal framework can help turn hopes into actions that have results.

First, an example of *not* being “SMART” with goals: *I will lose weight and get in condition.*

Getting SMARTer: *Between March 15 and Memorial Day, I will lose 10 pounds and be able to run 1 mile nonstop.*

The **hope** is now a **goal**, that meets most of the SMART Framework criteria:

It's S pecific and Strategic	= 10 pounds, 1 mile
It's M easurable	= pounds, miles
It's A ction-oriented	= lose, run
It's got the 3 Rs	= weight loss and running distance
It's T imed	= 10 weeks

SMART enough: To make the goal really “SMART,” though, we need to add an action plan and benchmarks. They make sure the goal meets that final criteria, “Tracked.” They also strengthen the other criteria, especially when the benchmarks include “process” benchmarks for tracking progress on the key actions and “outcome” benchmarks that track early evidence of change and/or progress toward the ultimate goal.

Key Actions:

-
- Reduce my daily calorie intake to fewer than 1,200 calories for each of 10 weeks.
 - Walk 15 minutes per day; increase my time by 5 minutes per week for the next 4 weeks.
 - Starting in week 5, run and walk in intervals for 30 minutes, increasing the proportion of time spent running instead of walking until I can run a mile, non-stop, by the end of week 10.

Benchmarks:

- For process, maintaining a daily record of calorie intake and exercise
- For outcome, biweekly weight loss and running distance targets (e.g., After 2 wks: 2 lbs/0 miles; 4 wks: 4 lbs/0 miles; 6 wks: 6lbs/.2 mi; 8 wks: 8 lbs/.4 miles)

S = Specific and Strategic

Goals need to be straightforward and clearly written, with sufficient specificity to determine whether or not they have been achieved. A goal is strategic when it serves an important purpose of the school or district as a whole and addresses something that is likely to have a big impact on our overall vision.

M = Measurable

If we can't measure it, we can't manage it. What measures of quantity, quality, and/or impact will we use to determine that we've achieved the goal? And how will we measure progress along the way? Progress toward achieving the goal is typically measured through "benchmarks." Some benchmarks focus on the process: are we doing what we said we were going to do? Other benchmarks focus on the outcome: are we seeing early signs of progress toward the results?

A = Action Oriented

Goals have active, not passive verbs. And the action steps attached to them tell us "who" is doing "what." Without clarity about what we're actually going to do to achieve the goal, a goal is only a hope with little chance of being achieved. Making clear the key actions required to achieve a goal helps everyone see how their part of the work is connected—to other parts of the work and to a larger purpose. Knowing that helps people stay focused and energized, rather than fragmented and uncertain.

R = Rigorous, Realistic, and Results-Focused (the 3 Rs)

A goal is not an activity: a goal makes clear what will be different as a result of achieving the goal. A goal needs to describe a realistic, yet ambitious result. It needs to stretch the educator, team, school, or district toward improvement but not be out of reach. The focus and effort required to achieve a rigorous but realistic goal should be challenging but not exhausting. Goals set too high will discourage us, whereas goals set too low will leave us feeling "empty" when it is accomplished and won't serve our students well.

T = Timed

A goal needs to have a deadline. Deadlines help all of us take action. For a goal to be accomplished, definite times need to be established when key actions will be completed and benchmarks achieved. Tracking the progress we're making on our action steps (process benchmarks) is essential: if we fall behind on doing something we said we were going to do, we'll need to accelerate the pace on something else. But tracking progress on process outcomes isn't enough. Our outcome benchmarks help us know whether we're on track to achieve our goal and/or whether we've reached our goal. Benchmarks give us a way to see our progress and celebrate it. They also give us information we need to make mid-course corrections.
